

# Think together

1 Identify each of these places from its description.

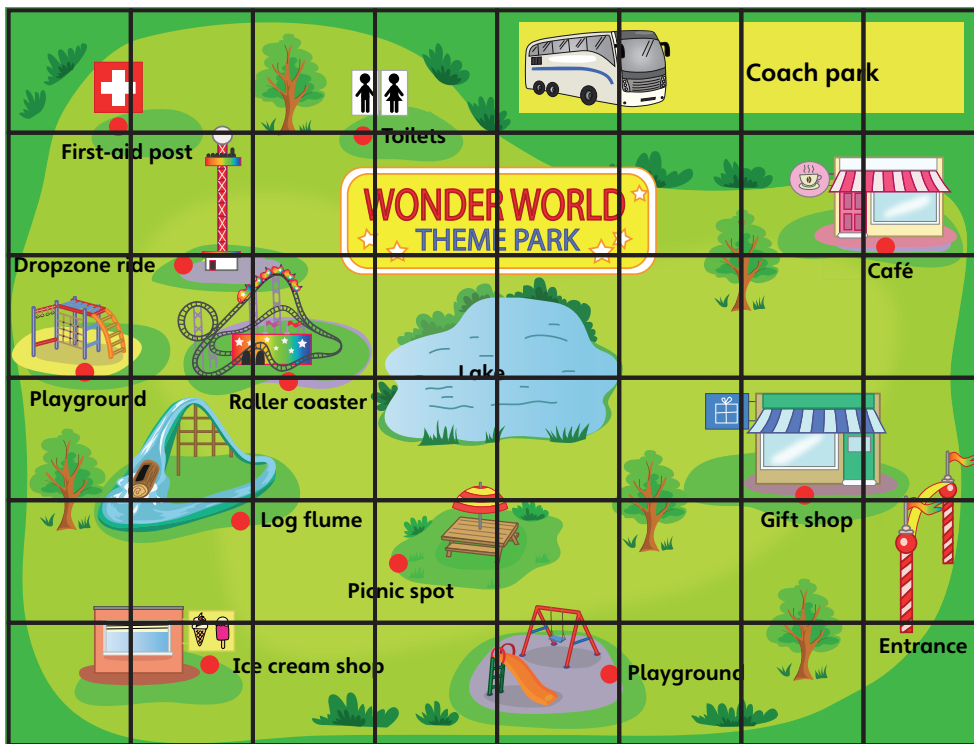

- a) The place near the top of the map, close to the coach park. *café*
- b) The feature in the centre of the map. *lake*
- c) The closest place to the entrance. *gift shop*
- d) The closest place to the lake. *roller coaster*

2 Describe the positions of these places. There may be more than one way to describe each one.

- a) The ice cream shop *This place is next to the playground*
- b) The café *This place is on the bottom of the coach park*
- c) The dropzone ride *This is on the bottom of The first aid post*
- d) The first aid post *This is above the drop zone ride*

CHALLENGE

3 Here is another version of the map of the theme park.

Use this version of the map to find each of these places from its description.

- a) This place is half-way between the roller coaster and the ice cream shop. *log flume*
- b) This place is two spaces to the right of the first aid post. *lake*
- c) This place is seven spaces across from the left edge of the map, and three spaces up from the bottom. *gift shop*

Do the squares on the map (the **grid**) make it easier to say where things are? Why?
